Austin Stephens

Assignment 06

3/4/17

1.) My program successfully searches through the larger string for smaller keywords and tells the user if the keywords are found in the string.

C:\Users\iamam\Desktop\School\CECS 130\HW\HW 6\problem_01.exe

```
The results were dismal - really dismal. The fees charged were astronomical fees

Result was not found in the sentence.
dismal was found in the sentence.
fees was found in the sentence.
